

To: MJ Sections LTD
Marriott/Cradley Road
Netherton, Dudley
West Midlands, England UK
DY2 0JZ

Date: 15-Feb-2017

Subject: FPM Code 2 System Certification

Supplier Code: 0583

Attention: Stephen Rose – Quality Manager

MJ Sections LTD is granted full certification to perform Nondestructive Test (NDT) Inspection to the requirements of Pratt & Whitney (P&W) NDT Method Specification(s) Fluorescent Penetrant Method (FPM) Code 2 as an Appendix A, Section II supplier.

Full certification is based upon certification survey(s) performed on February 13 and 14, 2017, review of applicable procedures to be utilized, completion of required corrective action, completion of "Dry Run Over-inspection" and completion of Level 3 requirements.

Dr. Didar Singh Duly of NDT Consultants Limited successfully completed qualification requirements and is certified as the Consultant Responsible Level 3 for Fluorescent Penetrant Method.

A Level 3 certification may be revoked whenever there is a valid reason to question the quality of NDT Inspection or process control or if there is proof that the responsibilities of the Level 3 are unfulfilled.

MJ Section Ltd has elected to utilize Supplier generated NDT procedures as listed below to satisfy applicable NDT Method/Qualification requirements which have been approved by Q&SL NDT.

P&W Procedures:

FPM 2 Code

NDTQ

ASQR-01

Supplier Equivalent Procedures:

QCP-30

QCP-18

QCP-06

You are required to update your applicable NDT System and revise your applicable procedures whenever there is a revision noted in the P&W Worldwide Procurement Specification Revision List: (<http://www2.pratt-whitney.com/procurement/tphome.htm>).

Please contact the undersigned with any questions concerning this matter at:

Tel. (860) 557-4560 or Email: david.zotti@pw.utc.com.

Sincerely,

David A. Zotti
